Display polish

DA-50410
EAN 4016032300106

For a perfect surface!

This polish paste removes easily scratches of plane surfaces as cell phone displays, watches, glasses, MP3 players, etc. User Instruction: 1. Tape the edge of the scratched surface 2. Use some polish paste with the cloth and polish the scratched areas for 2-3 minutes with pressure. Repeat the process on deep scratches. 3. For displays covered with a transparent film the display must be polished until this film has been removed completely. Caution: Only for cell phone, MP3 player and Tablet displays, watches, firm plastic and glass surfaces.

- For iPhone, iPad, iPod, MDA, Smartphone and others.
